

# LIFE IS FOR SHARING

REGISTER AS AN ORGAN DONOR TODAY

Each day, 18 U.S. men, women or children die waiting for a transplant because no organs are available. One donor can impact more than 50 people's lives. Donors don't have to be in perfect health. You can be any age, even in your 80s or 90s. Donation costs nothing. It won't disfigure the body. So don't wait — Register today!

## ORGANS NEEDED for U.S. Men, Women and Children\*
